

University of Colorado Denver
Department of Computer Science and Engineering
Pre-requisite, Co-requisite Agreement

Course: CSC3453 (Operating Systems Concepts)

Instructor: Professor Ilkyeun Ra

Pre-requisites:

- o CSC3412(Algorithm) and
- o CSC3415(Principles of Programming Languages)

I hereby certify that I have either taken, or am currently registered for, the co-requisites (if any), and that I have earned a passing grade in the pre-requisites (and co-requisites already taken) as required by my admission conditions (for example: **a.** provisional graduate students must have earned at least a grade of B or better in undergraduate required courses, **b.** undergraduate students must have earned at least C- or better).

1. If it is discovered, during the semester in which I am registered for this course, that this certification is false or is rendered invalid for any reason, I understand that I will be administratively dropped from the course.
2. If it is discovered, after I have completed this course, that I had not taken the pre-requisite or co-requisite as required without prior approved permission in writing, I understand that my grade for the course will be administratively changed to "F," regardless of the grade earned.
3. If a student has taken the prerequisite(s) for this course at a university other than UCD, then the University and corresponding course number(s) must be entered in column three. In this case, the instructor may ask the student for a transcript.
